STORY

We are a bespoke tailor called L'Atelier menswear Amsterdam. L'Atelier is established to serve Dutch men who want to wear beautiful clothes.

L'Atelier is not your standard menswear tailor, our mission is to make tailoring fresh, young and accessible. With bespoke we can make everything in term of colours, design and patterns. Whether it’s a casual jacket, nice cotton trousers or a classic navy blue suit, we can make all your sartorial needs. Sky is the limit!
TAILORING

The smell of freshly brewed espresso comes to you when you walk into our store. But you can also get a cold beer. A tailor with good taste, knowledge and passion for clothing welcomes you to our cozy and inspiring atelier. The tailor will directly translate your personality into a good-looking bespoke suit or jacket.

There is a special collection of fabrics from Europe with unique designs. Together with the tailor you decide on stylish buttons, lining and other trimmings. Your body measurements will be measured fast and precisely. With the best tailors, cutters and finishers of the world we make your suit until its perfect.
