Unwind

De-stress from the day.

Close your eyes and still the mind.

Let the silk caress your skin and the soothing lavender transport you to a peaceful slumber.
Awaken your senses and chase away the stress.

Let the sweet scent of orange bring you to a joyful place in your mind.

Feel the warmth of clove kick in and wrap you in its protective embrace.
Welcome the cozyness of the forest.

Take an olfactory journey through the rejuvenating, emerald woodlands.

Allow the comforting scent of pine and refreshing peppermint ease your thoughts.
