Lapels

Different style options

Notch Lapel

Broadly this lapel shape is considered the standard for business as well as for casual style jackets.

Classic but always contemporary and available in two different widths.

Peak Lapel

With its inspiration drawn from the military-style jackets the peak always amp’s up the look and formal feel.

Add a sharp look and feel to your jacket.

Shawl Collar

The shawl collar can be used both to create and emphasize casual style jackets as well as perfectly accommodate you when going for a fabulous tuxedo.

Round up your style.

Galon
The tuxedo style pants

Finding its inspiration from the world of military uniforms a galon on trousers gives you the opportunity to make your style even more particular.

A galon is a vital part of the lady tuxedo-look, matching to the lapels on the jacket with their satin trimming and satin pic-pac buttons.

It’s time to celebrate!
